

Front Wheel Drive Midsize Chain

Front Wheel Drive Midsize Chain Front-wheel drive cars only. This is an easy, throw-together, fun car class. If you want to do more than what is allowed, build a weld car. Rules are simple follow them.

General Rules

1. No welding unless rules say.
2. You may have a floating 4-point cage with a halo, you may have a floating gas tank protector that follows the tank. You will be allowed uprights for safety around the tank with kickers connecting to your halo bar. This is for safety only, judge's discretion if it's used in other ways.
3. All body mounts must be factory unless rusted out. If rusted out, change out with the same size bolt, and leave stock pucks in.
4. Wire or chaining of the doors, trunk lid, and hood are allowed. Max of (2) per seam allowed, (4) are allowed in the hood.
5. The fuel cell may be mounted on the back seat bar and 2" away from the back seat area.
6. Can carb convert EFI engine. Absolutely NO carb or header protectors.
7. Aftermarket gas pedal, brake pedal, shifter, and headers are allowed.
8. You must use the factory bumper off the car! You may add 4 bolts to it to help hold it on. If the stock bumper is plastic, you can change it with a stock tin one off another FWD-style car. Bumpers can be welded on, NO ADDED STEEL AND NO FULL-SIZE BUMPERS. WE WILL ENFORCE THIS HEAVILY.
9. Any tire is allowed.
10. All plastic, lights, airbags, and glass must be removed.
11. Pre-ran car fix it plates (2) 5" X 5" X ¼" plates. These can be used to weld the bumper back on if you need to. Plates cannot be split up, must stay 5" X 5".
12. The driver's door can be welded shut.
13. You can clamp up your suspension to the desired ride height.
14. No welding struts, tie rods, bumpers, motor mounts, doors, etc.

*Payout subject to change if less than 8 cars in the class. Rules posted to Red Cedar Speedway.com & Facebook for general questions contact Amy (715)505-8127 or for Rule questions contact Jesse (715)505-7255
