

2 Wheel Drive Minivans/SUV 2023

This is an easy, throw-together, fun van class! If you want to do more than what is allowed, build a weld car. Rules are simple, follow them. Strip the car, weld the cage, move your battery and gas tank, chain the doors and put a sweet paint job on it.

General Rules

1. No full-size vans. No Durangos
2. No welding unless rules say you can.
3. You may have a floating 4-point cage with a halo, you may have a floating gas tank protector that follows the tank.
4. All body mounts must be factory unless rusted out. If rusted out, change out with the same size bolt and leave stock pucks in.
5. Wire, weld, or chaining of the doors, trunk lid, and hood are allowed. Max of (2) per seam allowed, (4) are allowed in the hood. 2 threaded rods may be welded to the top of the frame.
6. The fuel cell may be mounted on the back seat bar and 2" away from the back seat area.
7. Aftermarket gas pedal, brake pedal, shifter, and headers are allowed.
8. You may put a car bumper on, 6" from bumper backing you may use a bracket to weld it on, anything past 6" will be required to cut off. You can also put a 6" X 4" piece of tubing on instead. NO loaded bumpers, seam weld is okay.
9. Any tire is allowed.
10. All plastic, lights, airbags, and glass must be removed.
11. Can have (2) 5" X 5" X 1/4" plates on fresh van. (2) extra plates on pre-run van. No more than (4) total plates on the pre-run van. If more are needed, build a new van. These can be used to weld the bumper back on if you need to. Plates can not be split up, must stay 5" X 5". If those 2 plates aren't enough, build a new van.
12. The driver's door can be welded shut fully, or a door plate may be used.
13. Any engine or transmission may be used but it must be bolted in with factory mounts. Absolutely for welding to swap them! You can carb convert an EFI engine in this class.
14. Only stock driveshafts are allowed.
15. No welding struts, tie rods, motor mounts, etc.
16. May weld or chain front motor mount solid.

Payout is subject to change if fewer than 8 cars in the class.
